

The Feminist Research Institute Presents

**“Writer's Block: Overcoming Psychological
Obstacles
to Thesis and Dissertation Writing”**

**Dr. Kimberle Lopez and
Elena Aviles
Wednesday, September 19th
12:00-1:00 p.m.
SUB Isleta**

While the academic challenges of completing a degree are sufficiently ominous, the process of writing theses and dissertations presents new challenges the student may not have encountered during other phases of their program. This workshop will assist in overcoming writer's block and other psychological obstacles encountered in the research and writing process. The emphasis will be on practical approaches for dealing with the emotional as well as intellectual challenges that thesis and dissertation writing presents, regardless of the field of research.
